INTRODUCTION

This policy highlights the value base, standards and procedures required for volunteers to ensure effective protection for children, young people and vulnerable adults. It should be utilised where circumstances and programmes require it e.g. weekly classes, events, residential activities and overseas trips.

For the purposes of this document: -

‘Chairperson’ refers to the person who heads each Branch of Comhaltas

‘Volunteer’- refers to a person (18 years or over) who is involved in the running of Comhaltas.

CCÉ Comhaltas Ceoltóirí Éireann

Comhaltas Comhaltas Ceoltóirí Éireann

‘Designated Child Protection Officer’ refers to the appointed person(s) within each branch who is responsible for safety of all children/young people and vulnerable adults availing of the facility

POLICY STATEMENT

Comhaltas is committed to taking every appropriate step to ensure the safety and well being of the people with whom it works, regardless of class, gender, race or creed. Comhaltas has a 'zero tolerance' policy with regard to abuse, intimidation, bullying (physical or emotional), racism and sexist behaviour directed towards children. All Comhaltas volunteers must be aware of this policy and it is their duty to guarantee its implementation.

The policy states:

"All children, young people and vulnerable adults should enjoy Comhaltas facilities and activities without fear of physical, sexual, emotional abuse or neglect."

This policy has been reviewed and approved by the **Ulster Council of CCÉ** on:

Principles of Good Practice

The following is a summary of the principles of good practice for the protection of children.

All Branches of Comhaltas Ceoltóirí Éireann adhere to the following principals of Good Practice for working with children, youth and vulnerable adults;

- 1 Comhaltas strive to promote the general welfare, health and personal development of individuals and protect them from harm of all kinds.
- 2 Comhaltas recognise that children, young people and vulnerable adults have rights as individuals and treat them with dignity and respect.
- 3 Comhaltas shall raise awareness about what children, young people and vulnerable adults are entitled to be protected from.
- 4 Comhaltas will adopt and consistently apply a rigorous and clearly defined method of recruiting and selecting volunteers.
- 5 Comhaltas shall plan an appropriate response procedure in relation to concerns, allegations, incidents and disclosures of alleged or suspected incidents of abuse.
- 6 Comhaltas shall establish links with parents/guardians and other relevant organisations.
- 7 Comhaltas shall stay abreast of emerging technologies and web based programmes to ensure that all members, especially those considered as children, young people and vulnerable adults can enjoy all Comhaltas has to offer in a safe and secure environment.
- 8 Comhaltas shall ensure best practice with regards to photography and videography.
- 9 This policy should be reviewed every 3 years in advance of the Annual Congress of CCÉ, i.e. on or before the 1st weekend of May.
 - a) The next Review will be due in 2015.
 - b) This review will be carried out by persons appointed by the standing committee of CCÉ Uladh but shall include the two designated Child Protection Officers of the Ulster Council.
 - c) This reviewed policy shall be approved by the **Ulster Council of CCÉ** before implementation.

In reviewing and implementing this policy Comhaltas work with, and adhere to, the procedures as outlined in the “Getting it Right” document produced by VOLUNTEER NOW.

These are outlined below.

1. There is a written policy on the organisation’s commitment to safeguarding children.
2. The organisation consistently applies a thorough and clearly defined method of recruiting and selecting staff and volunteers.
3. There are procedures in place for the effective management, support, supervision and training of staff and volunteers.
4. The organisation has simple and clearly defined procedures for dealing with actual or suspected incidents of abuse
5. There is a written code of behaviour that outlines the behaviour expected of workers and volunteers towards children.
6. The organisation has guidelines that outline how relevant information is shared appropriately with parents, children, workers and other relevant agencies.
7. The organisation has guidelines to ensure the general safety of activities and to ensure the effective management of activities.

Roles and Responsibilities

SOCIAL SERVICES DEPARTMENTS

Social Services have a statutory duty to investigate any case where they receive information suggesting that a child, young person or vulnerable adult may be in need of care, protection or control unless satisfied that such inquiries are unnecessary. Their objective is to ensure the safety and welfare of the child, young person or vulnerable adult by providing support services to him/her and his/her family or, where safeguards within the home are insufficient, by providing alternative care for the child, young person or vulnerable adult for as long as necessary. They also have a lead role in co-ordinating the work of all the agencies and professionals concerned with the individual's family.

STAFF AND VOLUNTEERS

Whilst the primary responsibility for the protection of children and vulnerable adults from abuse rests with the Social Services, all staff and volunteers who come into contact with children, young people and vulnerable adults have a duty to help protect them from abuse or the risk of abuse.

When volunteers see signs, which cause them concern, they may have the opportunity to talk to the individual with tact and sympathy. They should not enquire too deeply or carry out an examination. If the individual's responses do not dispel suspicion, or if it is impossible to talk to the child, then volunteers should make their concerns known to the branch Chairman or designated child protection officer.

DESIGNATED CHILD PROTECTION OFFICERS

Each Branch of Comhaltas within Ulster should appoint two Designated Child Protection Officers (*Please list your Child Protection Officer contact details here*)

Comhaltas General Standards and Practice

Standard

- 1 To value each child, young person and vulnerable adult, recognising their individuality and seeking to develop their potential and to maximise their contribution to the group and to society at large.**
- 2 To help children, young people and vulnerable adults develop and grow using methods appropriate to their age and development.
- 3 To encourage young people to be involved in the management and planning of the programmes in which they participate.
- 4 To treat children, young people and vulnerable adults with dignity and respect, and to encourage them to do likewise in their relationships with others.
- 5 To choose and train Comhaltas volunteers whose contribution to the group will be positive and in keeping with the standards promoted by Comhaltas Management.
- 6 To each formulate their own specific statements of aims and objectives, subject to the Office Bearers, and make them known to all volunteers, parents, children and young people.
- 7 To use appropriate language with young people, children and vulnerable adults and to encourage them to speak to each other in ways which build up dignity and mutual respect. To avoid and discourage put-downs and disparaging remarks.
- 8 To have programmes which are appropriate and planned well in advance.
- 9 To have adequate leadership in terms of child/adult ratios as determined by health & safety standards for the programme.
- 10 To ensure there is an emergency contact telephone number, as well as address, relevant medical information, photographic consent and agreement to codes of conduct on file for each child and young person.
- 11 To be aware of the parents/guardians arrangements for the delivering and collecting of children/young people from Comhaltas activities, and generally to maintain good communication with parents.

Practice: **COMHALTAS NEEDS TO:**

- 1 Keep an updated list of names, address and contact numbers for all group members and volunteers.
- 2 Ulster Comhaltas shall deliver a copy of the Child Protection Policy to each Unit of the organisation within Ulster.
- 3 Each volunteer should have access to the Comhaltas “Child Protection Policy”, and be familiar with its contents. They should know who to contact if neglect or abuse is suspected, or if a complaint is made and what basic procedures to follow.

- 4 Each worker must have completed an appropriate application form [see Appendix VII (i)], to be kept on file.
- 5 Each group should formulate its own statement of aims and objectives, which should be accessible to all parties involved in the group. (Each new leader and group member, and their parents, should be familiarised with this.)
- 6 Each group needs to formulate in close association with the young people or children involved – a code of conduct, a discipline policy, and an anti-bullying policy, a copy of this should be kept with the group's aims and objectives.
- 7 Each group needs to plan its programme with safety in mind.
- 8 Each group should use the appropriate permission forms for activities and outings, and complete accident reports as and when necessary.

Contact with Children and Young People

Standard

Volunteers should **avoid**:

- 1 Spending excessive amounts of time alone with children or vulnerable adults away from others. A worker should never be alone with a child/vulnerable adult unless they are in the sight of others.
- 2 Taking children/vulnerable adults alone on car journeys, however short. Where this is unavoidable the child/vulnerable adult should sit in the back seat. Where possible parents should be advised before departure.
- 3 Taking children/vulnerable adults to a workers home.
- 4 Using physical force to remove a child/vulnerable adult unless:
 - It is for the child's/vulnerable adult's safety or
 - You are concerned for the safety of persons or property

When occasions arise where these things are unavoidable they should only occur with the full knowledge and consent of the leader in charge and/or the child's parents/guardians.

Volunteers should **never**:

- 1 Engage in rough games with children
- 2 Engage in sexually provocative games/contact/behaviour/discussion
- 3 Allow or engage in any form of inappropriate touching
- 4 Use corporal punishment
- 5 Allow children to use inappropriate language unchallenged
- 6 Make sexually suggestive comments about or to a child, even in fun
- 7 Allow an allegation made by a child to go unchallenged or unrecorded
- 8 Do things of a personal nature that they can do for themselves
- 9 Sleep in a room with children without at least one other worker being present
- 10 Establish relationships with participants, which may have sexual overtones

Practice

All Branches should keep a written record of the name, address, telephone number, date of birth, special medical needs and contact person for each child/vulnerable adult.

Each group should maintain the following worker/child ratios (allowing a minimum of 2 leaders at all times). Additional staff may be required to cope with the demands of high risk activities.

Approx age range	no. of leaders	no. of children
0 - 2	1	3
2 - 3	1	4
3 - 6	1	4
6 -11	1	8
11 - 18	1	8

When a 'group' consists of both males and females, the staffing should ideally reflect the composition of the participants.

Each volunteer should be given a copy of 'Guidelines for Self-Protection' (see page 34).

The standards set out above must be maintained and followed at all times.

Please note the Comhaltas Management expects volunteers to act with sensitivity and self-control when working with all age groups. Those engaged in Comhaltas work need to recognise the issues of power and responsibility. It is Comhaltas practice that volunteers do not misuse their role by taking advantage of participants of any age and establishing 'personal relationships'.

Appointment of Workers/Volunteers

Standard

Comhaltas branches should employ an open recruitment process and all appointments should only be made based on the merits of individual applicants. For the well-being and protection of programme participants all potential staff and volunteers must be vetted prior to their appointment or involvement in activities.

Full appointment procedures should be carried out as per the guidelines recommended below and in the appendix VII (iii) "Guidelines for Recruitment and Management of Volunteers and Workers".

Practice

- 1 Each potential worker should be made fully aware of all duties and responsibilities pertaining to the appointment and the Comhaltas Child Protection Policy.
- 2 References should be obtained and checked, including at least one from a former employer.
- 3 Workers involved in regulated activity must be vetted through Access Northern Ireland (www.accessssni.gov.uk)
- 4 All appointments, probationary periods and work reviews should be sanctioned and minuted by at least one of the following: a full Branch Committee meeting / Branch Sub-committee for Staff & Volunteers / full meeting of the Management Committee
- 5 All appointments should be confirmed in writing.
- 6 Potential workers should be assured of confidentiality.
- 7 Each worker or volunteer should serve a probationary period of at least 3 months.
- 8 A Training Needs Assessment should be undertaken at the earliest opportunity.
- 9 An induction process should be followed for each new worker/volunteer – arranged by the Committee.
- 10 An inexperienced new worker may initially be required to assume an assisting role with a more experienced worker.
- 11 Child protection training must be provided as part of the induction process.

Suitability

- 1 Agreement with the aims & purposes of Comhaltas
- 2 No criminal convictions for offences likely to endanger children/vulnerable adults.
- 3 Previous experience of working with children & young people.
- 4 Commitment to the aims of Comhaltas.
- 5 A commitment to treat all people as individuals and with equal concern.
- 6 Individual to be physically able to cope with activities of the group.
- 7 A commitment to undergo training.
- 8 A commitment to working in a team.
- 9 A commitment to recognise the importance of child protection & the authority of line management

Responding to Accidents / Incidents

Standard

When an accident / incident occurs, the danger must be removed immediately, the injured person treated, and the accident recorded.

Practice

1. Each organisation should provide Basic First Aid training for every staff member and volunteer.
2. When on outside activities, a leader trained in Emergency First Aid should be in attendance.
3. A telephone should be accessible wherever a group meets. Every leader should know how to access this facility. Notice of the nearest telephone should be clearly displayed.
4. Emergency telephone numbers should be displayed prominently.
5. Professional help should be sought if and when the trained First Aider cannot help or if further assistance is required when the First Aider can do no more.
6. A first aid box should be provided at each location. Professional advice should be sought on contents.
7. The worker in charge of the group must inform the Chairperson/or the C.S.C. of any accidents at the earliest possible opportunity.
8. The worker in charge of the group must ensure that the child's parent/guardian or the family of the vulnerable adult is immediately informed of the accident.
9. The worker in charge of the group must record all details of accidents in the Accident Book and also obtain witness statements within 24 hrs.
10. Identify cause of the incident and prevent re-occurrence.
11. If an accident is serious, the C.S.C. or the Chairperson should inform the insurance company named in the Accident Book as soon as possible.

Trips and Residential Activities

Standards

All trips and residential activities must be thoroughly planned and documented in advance including a risk assessment with all the relevant information aCCÉssible to all parties involved.

Practice

- 1 Parents/guardians must be informed in writing of the arrangements for any trip to be taken outside of the normal venue.
- 2 The worker in charge must obtain from parents their written consent to the participation of their child and a completed copy of the health form prior to departure.
- 3 A copy of the trip information form should be forwarded to the C.S.C. and/or the Secretary.
- 4 Copies of the consent and health forms must be forwarded to the C.S.C. or held by an appropriate contact person.
- 5 A detailed itinerary of the trip should be given to all the parents/guardians, workers and the C.S.C. and/or the Secretary at least 2 weeks in advance of departure (a pre-trip information night for all concerned would be an appropriate opportunity to present this information).

Residential Activities

- All trips and residential activities will be subject to all the policies and guidelines of Comhaltas Ceoltóirí Éireann including but not limited to this document at all times.
- Each residential should have at least two leaders-in-charge, preferably 1 male and 1 female. There should be at least one leader to every 8 young people.
- Leaders must ensure that males and females have different sleeping rooms. In exceptional circumstances workers must be sensitive to the needs of individuals and monitor the situation carefully.
- Young people participating should have their privacy respected by other participants e.g. rooms, changing rooms, showers, etc.
- Staff members (workers) must always use common sense and sensitivity and not leave themselves open to allegations of sexual misconduct. For example:
 - Do not enter rooms without permission
 - Do not enter changing rooms without permission
 - Do not enter showers without permission.
 - Always knock or call out and ask permission to enter areas where people may be changing.

- Never put yourself in a position of being alone with vulnerable individuals e.g. cars, closed rooms, out of public view.
- Staff members (workers) should, when possible, ask another staff member (worker) to accompany them when entering rooms etc.
- Staff members or volunteers should not sleep alone in dorms with young people/vulnerable adults.
- When changing or when with a group that is changing - be discreet.
- If behaviour by any individual causes offence or is deemed inappropriate, it is the leader's responsibility to discuss and deal with this as soon as possible.
- All young people attending residential activities must complete parental permission slips for under 18s and medical forms.
- Staff members and volunteers should use common sense and sensitivity around the areas of touching, hugging, etc.
- All staff and volunteers in leadership roles on residential activities will have undergone routine vetting.
- Prior to each residential, staff should meet as a group to discuss the implementation of these guidelines on the residential.

Health

Standard

Comhaltas staff members and volunteers should be prepared to treat each child/vulnerable adult according to their own needs and respond appropriately to any condition they may have. Workers should be appraised of the individual and diverse range of health issues existing amongst their group of young people via the parental information disclosed in the health form.

Practice

- 1 All children and young people should be given a copy of the health form to be completed by their parent/guardian at the beginning of each working year. This may be supported by a revised copy prior to any trip if the parent/guardian has any amendments or additional information to provide.
- 2 This confidential form should be accessed by the worker in charge of that individual to alert them of any personal or health difficulties.
- 3 Medication should not be given to any child without the written consent of the parent/guardian or doctors treating the child.
- 4 In the event of an urgent health or medical crisis arising, professional help should be sought immediately.
- 5 Any medicines, which the child/vulnerable adult carries with them to a meeting or trip, should be clearly marked with the individual's name and parents/doctor's signed instruction for use. The allocated worker in charge of medication should then, if necessary, carry them, to be taken as prescribed.
- 6 All venues should carry the name and phone number of the nearest contact in a medical emergency and have telephone access. (i.e. if the group are out on a trip the worker in charge should carry the contact numbers with them alongside a mobile telephone.)

Insurance

Standard

All children's and youth work activities should have professionally advised and adequate insurance cover to include key areas of: -

- 1 Personal Accident
- 2 Public Liability
- 3 Property and Contents Insurance
- 4 Vehicle Insurance

Practice

1. It is the responsibility of the activity organiser and Management to ensure that all relevant insurance policies are currently valid.
2. In the case of activities or events, which are considered 'high risk', the worker should consult with the C.S.C. who will decide on the appropriateness and adequacy of the cover available.
3. No high-risk activity should be engaged upon without first following above procedure to ensure that the insurance cover provided is adequate.
4. Insurance cover for transportation of children/youths should be adhered to. (See 'Transport' section – page 22)

Premises

Standard

The premises used for all Comhaltas activities should be suitable and safe and have a completed risk assessment. This includes:

1. Adequate provision of toileting facilities.
2. Appropriate and adequate lighting. (Torches/night lights should be available for emergencies)
3. Appropriate and adequate heating systems.
4. Adequate provision of security and safety appliances.
5. All fire exits and entrance and exit routes should be kept clear and marked for any situation.
6. All keys to entrance/exit doorways should be easily accessed for emergency situations.
7. All fire alarms and appliances should be installed following professional advice and maintained as advised. Workers should be trained in their use.
8. All work/meeting areas should be marked with an 'Assembly Point' in the case of an emergency.
9. No heating/cooking items, electrical appliances, or naked flames other than those tested and fitted to the venue by a professional should be used.

Practice

It is the responsibility of Comhaltas to maintain the upkeep of the premises to a safe and suitable standard. However, the worker in charge has a responsibility to:

1. Maintain and leave the premises in a clean, tidy and secure condition.
2. Notify the C.S.C. of any defects or hazards in the working/meeting environment. Ensure these points are documented in a memo/health and safety notebook.
3. Any damage caused by a user group should be reported immediately. Who should note damage in a memo/health and safety notebook along with implications, action to be taken and.
4. Regular scheduled fire drills should occur within each organisation.

Equipment

Standard

All equipment used by a Comhaltas group must be safe and suitable for use by the age range of the young people participating. Where a National Standard is applicable, the equipment should conform to it.

Practice

- 1 All equipment should be thoroughly checked for defects before use.
- 2 If there are defects the equipment should not be used.
- 3 All defects must be reported to the activity organiser.
- 4 All workers should be fully conversant with assembly and use of equipment.
- 5 No child/vulnerable adult is to assist with the assembly of equipment.
- 6 Use of all equipment must be monitored by a worker.
- 7 Care should be taken that all paint, glue, felt tips, etc. are non-toxic.
- 8 Safe storage should be provided for all equipment.

Transport

Standard and Practice

1 **General**

Coaches and minibuses are a safer and more effective way of transporting large groups than the use of private vehicles owned by parents/workers. Ideally the transporting of children should be kept to a minimum and reviewed regularly to consider alternatives.

2 **Hired transport**

When it is necessary to hire transport, a reputable company should be used and their insurance cover checked.

3 **Comhaltas Minibuses**

Comhaltas needs to allocate an individual/group to be responsible for the upkeep of the minibus. Overcrowding is dangerous and invalidates insurance cover. It is recommended that a notice be posted within the minibus stating the maximum number of passengers permissible.

All minibuses are required to be fitted with seat belts. One belt per individual no matter how small. (If an infant is to be transported then an appropriate baby carrier should be employed or the child should be held in the rear by a 'belted' adult). Seats should be filled from rear to front and emptied in reverse.

The driver should endeavour to park the vehicle so that passengers can exit onto the pavement nearest to their destination as opposed to having to cross a road. All drivers should wait until a child leaving the vehicle is safely indoors before driving off.

The driver must be properly licensed to drive the vehicle and should ensure that he/she always does so with due care and attention, adhering to the Highway Code.

Where a driver is unaccompanied it is important to ensure that no particular child is consistently left off last or collected first.

The minibus must be checked on a regular basis to ensure roadworthiness and serviced at regular intervals – see Driver's Form page 47. Any faults should be reported immediately to the person/s responsible for the minibus.

Comhaltas should ensure that the vehicle has adequate AA or RAC cover in the event that roadside assistance is required.

4 **Cars**

All parents/guardians should be encouraged to supply the name of the person/s who will regularly be responsible for delivering and collecting child to/from events.

Workers should not, as a general rule, give lifts to/from meetings without the written consent of the parent/guardian. This should be received at the commencement of the year/term and kept on record by the activity organiser.

Each worker who may be required to transport children must produce a copy of their driving license and insurance certificate to the activity organiser at the commencement of the year. Drivers should check that their passenger liability insurance is adequate, and note that overcrowding invalidates any insurance cover. Normal saloon cars should not carry in the excess of five people.

It is the responsibility of all drivers to ensure the roadworthiness of their vehicle and service it at regular intervals. Checks should be made on the tyres, fuel and oil status of the car before every journey.

Voluntary workers can use cars to transport children/young people provided the above conditions apply and that hire or reward is not involved.

It is the responsibility of the driver to ensure that each individual in the car is wearing a seat belt before the commencement of each journey.

All drivers must have the appropriate driving licence.

Where the AA or RAC should cover possible the driver in case of roadside assistance being required. (They should notify the activity organiser of this facility.)

It is preferable that the same driver (minibus or car) does routine transport arrangements to assist familiarity by the parents/guardians and also the child.

Seats should be filled from rear to front and emptied in reverse.

The driver should endeavour to park the vehicle so that passengers can exit onto the pavement nearest to their destination as opposed to having to cross a road. All drivers should wait until a child leaving the vehicle is safely indoors before driving off.

Leaders who come in a car should arrive well before the children.

APPENDIX I

Definition of Child Abuse/Abuse of vulnerable Adult

“Child abuse occurs where a child is neglected, harmed or not provided with proper care. Children may be abused in many settings, in a family, in an institutional or community setting, by those known to them or more rarely by a stranger. There are different types of abuse and a child may suffer more than one of them”

“Co-operating to safeguard children” (DHSSPS May 2003)

“The physical, psychological, emotional, financial or sexual maltreatment or neglect of a vulnerable adult by another person. The abuse may be a single act or repeated over a period of time. It may take one form or a multitude of forms. The lack of appropriate action can also be a form of abuse.”

“Safeguarding Vulnerable Adults” (September 2006)

Standard

Workers should recognise that abuse may take one of a number of forms. Whilst staff members and volunteers are not expected to be able to diagnose abuse it is sensible to be appraised of the range and possible indicators involved.

Practice

A presentation of the definitions, types and indicators should be included in Child Protection training and annual updates provided for workers at the commencement of each year. It should be noted that many of the indicators would only be apparent if bathing an individual child or as part of a medical examination. Comhaltas workers would practise neither of which.

APPENDIX II

Range and Indicators of Child Abuse/Abuse of Vulnerable Adult

DEFINITION:

The term child abuse is used to describe ways in which children are harmed by someone in a position of power. There are many different ways in which children can be harmed.

NEGLECT: The persistent failure to meet a child's physical, emotional and/or psychological needs. This may include failure to provide adequate food, shelter and clothing. Failure to protect from harm or danger, failure to ensure adequate medical care or a lack of supervision.

Possible signs and symptoms:

- Exposure to danger, lack of supervision
- Inadequate/inappropriate clothing for the time of year
- Constant hunger
- Untreated illnesses

PHYSICAL ABUSE: The deliberate physical injury or a failure to prevent physical injury to a child. This may include hitting, shaking, throwing poisoning, burning, scalding, drowning, suffocating, confinement to a room or inappropriately giving drugs to control behaviour.

Possible signs and symptoms:

- Scratches
- Bite marks
- Bruises in unusual places such as arms, stomach head or back
- Bruises or marks consistent with either straps or slaps
- Burns of all kinds that do not have an explanation consistent with the marks. Cigarette burns
- Undue fear of adults, shown by ducking when approached (as if anticipating being hit).
- Fearful watchfulness.
- Failure to thrive.

BULLYING: Bullying is the use of aggression with the intention of hurting another person. Bullying results in pain and distress to the victim.

Possible Signs and Symptoms

A child may indicate by signs or behaviour that he or she is being bullied. Adults should be aware of these possible signs and that they should investigate if a child, for example:

- Is frightened of attending the group;

- Becomes withdrawn anxious, or lacking in confidence;
- Attempts or threatens suicide or runs away;
- Cries themselves to sleep at night or has nightmares;
- Has possessions which are damaged or "go missing";
- Asks for money or starts stealing money (to pay bully);
- Is afraid to use the internet or mobile phone;
- Is nervous and jumpy when a cyber message is received.

These signs and behaviours could indicate other problems, but bullying should be considered a possibility and should be investigated.

SEXUAL ABUSE: The forcing or enticing of a child to participate in sexual activities, whether or not the child is aware of what is happening. This may involve physical contact including penetrative or non penetrative acts or non-contact activities such as involving children in looking at or the production of pornographic material

Possible physical indicators:

- Itching in the genital area
- Soreness in the genital area
- Unexplained rashes or marks in the genital area
- Pain on urination
- Difficulty in walking or sitting
- Stained or bloody underclothes
- Recurrent tummy pains or headaches
- Bruises on inner thighs or buttocks

Possible behavioural indicators:

Frequent masturbation- (many young children may masturbate occasionally for comfort or experimentation)

- Inappropriate language for age of child
- Inappropriate sexual knowledge for age of child
- Making sexual advances to adults or other children
- Wariness of being approached by anyone possibly combined with a 'dazed' look.

EMOTIONAL ABUSE: The persistent emotional ill treatment of a child to cause severe adverse effects on the child's emotional development. It may involve conveying to a child they are worthless or unloved or causing the child to feel frightened or in danger. Smothering a child's development through over-protection can also be a form of abuse.

Signs and symptoms:

- Overly withdrawn child
- Overly aggressive child
- Constant wetting or soiling
- Persistent rocking movement

Inability to relate to peers

GRAVE CONCERN: while strictly speaking not a form of abuse but a category of registration of abuse, this term covers children whose situation does not currently fit any of the four categories above but where social and medical assessments indicate that they are at significant risk of above. These could include situations where another child in the household has been harmed or the 'household' has been harmed or the household contains a known abuser.

Remember:

- 1 Look for a cluster of signs and symptoms
- 2 Record and date all observations of worrying marks/behaviour and keep these observations safe they are confidential material as well as possible evidence.
- 3 Seek advice about what you see and hear.
- 4 Some of these signs even in combination are not necessarily proofs in them selves that abuse has taken place.

APPENDIX III

Responding to Allegations, Disclosures or Concerns of Abuse

Standard

A worker who has a concern, and/or receives an allegation or disclosure of abuse must not independently investigate the incident but must immediately report the matter to the activity organiser and the C.S.C. Any independent investigation could well aggravate the situation or 'invalidate' any disclosure. Everyone working with children/vulnerable adults has a duty to report suspected, alleged or confirmed incidents of abuse.

Practice

- 1 If a child makes a disclosure or allegation to a worker or volunteer, the worker or volunteer must make it clear that someone else will need to be told. Do not promise confidentiality. Do not make any other promises. Do accept the validity of the child's/vulnerable adult's disclosure and try to remain as objective as possible.
- 2 The worker must document the disclosure / allegations as soon afterwards as possible to maintain accuracy. Note any 'advice' given to the child/vulnerable adult.
- 3 The worker must not ask any specific questions of the child before, during or after the disclosure as this may invalidate any allegations if the questions are of a leading nature.
- 4 Report immediately to the worker in charge who will in turn report the incident to the designated person within the Branch. The designated person then has a duty to pass the information on to Social Services or PSNI.

APPENDIX IV

Information on Disclosure

If a child/vulnerable adult gives an indication that he/she may want to tell you about a problem you should -

- Arrange a time and place where you can talk privately as soon as possible after the individual has initiated contact – remember to do this within sight of others
- Stay calm and reassuring
- Explain that you cannot promise to keep what the individual tells you a secret
- Listen to and do not dismiss what the child/vulnerable adult tells you – explain that, whatever the circumstances, he/she has support available
- Do not press for details – some cases of abuse need further and possibly extensive investigation. It is better for the individual if he/she does not have to repeat the details unnecessarily
- Ask the child/vulnerable adult whether he/she has told anyone else
- If the individual hasn't, ask him/her to think about who would be a good person to tell
- Tell the child/vulnerable adult that you will help him/her to tell that person
- Explain that there are other people whom you might have to contact. Who these people are will depend on the procedure your organisation has already adopted
- Do not make promises to the individual – the situation may cause you to react emotionally and cause you to make promises, which cannot, in the event, be fulfilled
- Tell the child/vulnerable adult that you are pleased that he/she has decided to tell someone, and he/she was absolutely right to tell
- Let the individual know that you believe them and understand how difficult it is to talk about such experiences

A wide range of possible situations can fall into the category of a 'disclosure/allegation'. Because it is impossible to know in advance what a child/vulnerable adult will say, it is advisable to always follow the suggestions given above. Children will probably tell you about incidents involving bullying or bribes perhaps from peers. Whilst they may have been important enough for the child to tell you about, they may require no further action.

In cases where the individual is at risk or the disclosure is obviously of a serious nature, you will need to follow the procedure as dictated by Comhaltas.

You are not expected to be a therapist, but because the individual has chosen to talk to you and because you have listened and believed, you have already helped the child/vulnerable adult. Many victims of child sexual abuse say that

having the first person they told be supportive was the first step in recovering from their experience.

After you have talked with the child, follow the procedure laid down for reporting such incidents.

In the event of disclosure, you should be:

- 1 Reassuring
- 2 Empowering
- 3 Advising
- 4 Supporting
- 5 Listening
- 6 Counselling
- 7 Non judgmental
- 8 Referring
- 9 Affirming
- 10 Following up

Definition of Confidentiality

Confidentiality is defined as “*something which is spoken or given in private, entrusted with another’s secret affairs*”.

The confider is asking for the content of the conversation to be kept secret. Anyone offering absolute confidentiality to someone else would be offering to keep the content of his or her conversation completely secret and discuss with no-one.

When dealing with a conversation regarding a safeguarding allegation or disclosure, staff and volunteers should make it clear that there are limits to confidentiality at the beginning of the conversation. They should reassure the individual that the limits are to ensure the child or vulnerable adult’s safety and well-being. The individual should be informed when a confidence has to be broken for this reason and if appropriate be involved in information sharing.

For More details please see the Confidentiality Policy attached to this Policy (Appendix X – see page 53)

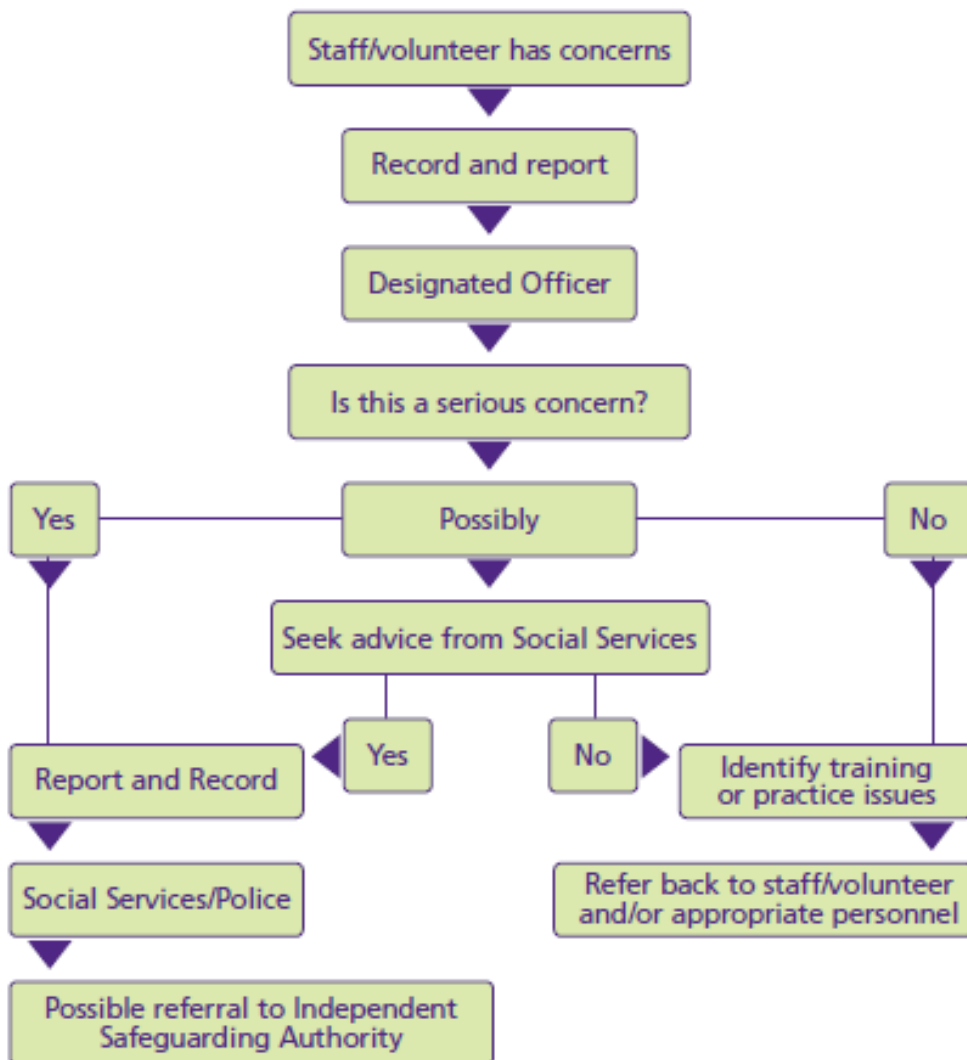

Comhaltas will never promise to keep secrets. However, information of a confidential nature will only be communicated on a "need to know" basis, with the welfare of the child paramount.

Considerations of confidentiality will not be allowed to override the rights of children or young members to be protected from harm.

APPENDIX V
Reporting Arrangements

The first time you notice any signs or symptoms you may be very shocked. Try not to convey this shock to the child, especially if the child is telling you about the problem. Remain calm, listen to and observe the child. Trust your own judgement. When you are confronted with behaviour or development that is not within the normal range, and particularly if you suspect abuse inform the designated person within the Branch who will seek advice from the professionals.

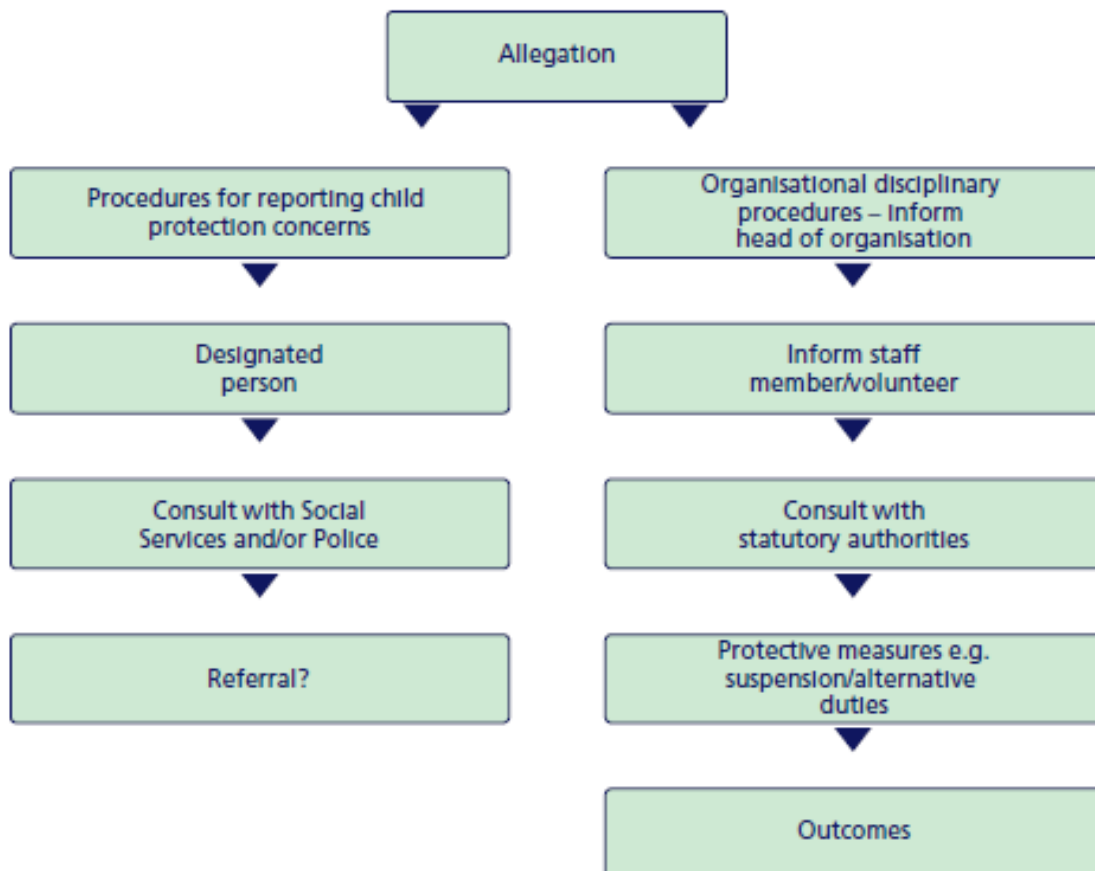

PLEASE SEE BELOW SAMPLE REPORTING PROCEDURES

REPORTING REGARDING A MEMBER OF STAFF OR A VOLUNTEER

If it is believed that a member of staff/volunteer has harmed a child or vulnerable adult or placed them at risk of harm, the same reporting procedures and policy should be followed and a referral made to the Independent Safeguarding Authority (ISA).

In the case of the allegation/disclosure involving one of the Designated Child Protection / Safeguarding Officers, the staff/volunteer should report this to the Ulster Council Designated Child Protection / Safeguarding Officers or the most senior Designated Child Protection / Safeguarding Officer available.

REPORTING TO THE INDEPENDENT SAFE GUARDING AUTHORITY

Comhaltas is duty bound to refer all allegations to the Independent Safe Guarding Authority

For information on reporting to the Independent Safe Guarding Authority please see: <http://www.isa.homeoffice.gov.uk/PDF/Referral%20Guidance%20and%20Form%20FINAL%20v%2010-01.pdf>

APPENDIX VI

Guidelines for Self Protection

1. In the event of any injury to a child/vulnerable adult, accidental or otherwise ensure that the incident is recorded and witnessed by another adult.
2. Keep records of any false allegations a child/vulnerable adult makes against you. This should include everything from 'you're always picking on me' to 'you hit me'; and comments such as 'don't touch me'. Use the incident form to keep dates and times.
3. Get another adult to witness the allegation, if possible. If you are in a school or residential setting, take the individual to the leader in charge and explain what happened. A record of that meeting should also be kept.
4. If a child/vulnerable adult touches you in an inappropriate way, record what happened and ensure that another adult is also informed. It could be a totally innocent touch, so do not make the individual feel like a criminal. However, remember that ignoring this or allowing it to go on may place you in an untenable situation. Neither is it a good idea for the child/vulnerable adult to be allowed to continue this behaviour as another person might use such a situation to their advantage and then say the child/vulnerable adult instigated it.
5. On journeys, always have two members of staff along. If it is on overnight trip or residential, always check the rooms in pairs.
6. Do not place yourself in a situation where you are spending excessive amounts of time alone with one young person away from other people. If you are speaking one to one, ensure that the door to the room is kept open at all times.
7. If you are in a residential setting never, under any circumstances, take a child/vulnerable adult into your bedroom.
8. It is unwise to take children/vulnerable adults in your car alone.
9. It is unwise to take children/vulnerable adults to your home, as they then could describe rooms, furnishings, etc.
10. If you are in a care situation with children with special needs, try to have another person present when changing nappies or clothing or bathing a child.
11. Never do something of a personal nature for children/vulnerable adults that they can do themselves. This includes cleaning bottoms, unbuttoning trouser buttons, or any activity that could be misconstrued.
12. Do not go into the toilet alone with children/vulnerable adults.
13. Be mindful of how and where you touch children/vulnerable adults. Never pat an individual on the bottom.
14. Do not extend hugs or kisses on the mouth to children/vulnerable adults. This might be particularly relevant to those working with special needs children. Though we want to give love and attention to children, this guideline is important not only for a worker's protection, but also for the individual's as well.
15. When taking children/vulnerable adults on an outing, think of how you appear to the public when dealing with them. It may mean that disruptive individuals cannot go on outings.
16. If you are suspicious of abuse by a colleague, peer or any other person, you must disclose this to the C.S.C. or the Chairperson. If there is an attempted cover-up, you could be implicated by your silence. "Why didn't (s)he tell? - Something to hide?"
17. Always inform people (i.e. Line manager or other team members) of any uneasiness or fears you may experience during your work with young people/vulnerable adults.

APPENDIX VII

FORMS AND HOW TO USE THEM

APPLICATION FORM FOR CCÉ

Every person wishing to work with children/vulnerable adults should complete this form. Potential workers should also be given the relevant information on the group they wish to work with, and a copy of the Comhaltas Child Protection Policy and Guidelines.

DECLARATION OF CRIMINAL CONVICTIONS, CAUTIONS AND BIND-OVER ORDERS

GUIDELINES FOR RECRUITMENT AND MANAGEMENT OF VOLUNTEERS

REFERENCE FORM

To be used for any new worker joining the team. The referee should not be a relative, and should have known the person well for at least three years.

PARENTAL CONSENT FORM

To be completed by the parent or guardian of the child/youth. A leaflet giving basic information about the group, i.e. Time and place, leader in charge, aims and objectives, should accompany this form.

Additional information may be required whenever children will be away from their parent/guardian for more than 24 hours e.g. Residential weeks or weekends. This form is confidential. It should be filled in by the child's parent/guardian and returned to the group leader. The leader should ensure that the forms are completed and returned for each child that they are read through notes taken, and the forms brought away with the group. A copy of the forms should be left with a responsible person or forwarded to the C.S.C. A leader (preferably with some first aid or medical training) should be made responsible for seeing that the various instructions are carried out, medicines, taken etc. When taking groups of younger children away it is usually best for medicines (other than asthma inhalers) to be taken into the care of a leader. This will avoid them becoming lost – or experimented with by other children. Remember that leaders should not dispense any medication without parental permission.

TRIP INFORMATION FORM

An information sheet containing all relevant details should be produced and sent, three weeks in advance, to the parent/guardian for any trip or outing where the children are taken away from their usual meeting place, even if only for a few hours, or if they are to be involved in a special event (e.g. Day long programme or overnight). Consent forms must be returned in advance of the

event otherwise the child should not be permitted to attend the event. A detailed Itinerary should be attached.

ACCIDENT/INCIDENT REPORT FORM

To be completed by leaders and witnesses in the event of any accident or incident. If an accident occurs where emergency treatment is necessary, take the individual to the nearest casualty department (make sure you know where that is) or local surgery. Contact the parents/next of kin as soon as possible, and for children take the child's Health Form to the hospital or doctors with you. Aim to have a leader with a first aid qualification on every residential trip. Complete the accident report form as soon as possible.

CONFIDENTIAL REPORT FORM

To be completed whenever there is a complaint made by another leader, by a child, or by a parent, about any person involved in the Youth or Children's work.

DRIVERS FORM - MINIBUS MAINTENANCE CHECKLIST

To be completed by the driver of the minibus / car at the commencement of any journey. This form provides a list of items to be checked before departure.

APPENDIX VIII (ii)**PARENTS CODE OF CONDUCT**

Comhaltas Ceoltóirí Éireann adopts a child centred approach and philosophy in the running of the Branch to ensure that those working with children and young people are at all times provided with a high standard of musical/dance/language/song tuition, by working to an agreed philosophy and set of standards.

Enforcement of this conduct is the responsibility of every member and any queries about this code should be referred to the Child Protection Officer or the Branch Chairperson.

Parents/Guardians have an influential role to play in encouraging their children to adopt positive attitudes to maintain the ethos of Comhaltas.

It is required that Parents/Guardians agree to the following:

- 1 Know the start and finish times of your child's music lesson /lessons. It is the Parents/Guardians responsibility to ensure the child arrives promptly and safely to each lesson.
- 2 In the instance of a child having more than one lesson per day, it is the Parents/Guardians responsibility to supervise the child/children between lessons.
- 3 Parents/Guardians must collect their child immediately after class finishes from the main building. Children are not permitted outside the main building.
- 4 Comhaltas is not responsible for children/young people before, between or after their class/classes.
- 5 Respect Tutors opinion and encourage children to do likewise.
- 6 Show appreciation for Tutors/Volunteers.
- 7 Praise good performance and efforts from all individuals and groups.
- 8 Congratulate all participants regardless of the outcome.
- 9 Use correct and appropriate language at all times.
- 10 Support your child's involvement and help them to enjoy their Comhaltas experience.
- 11 Respect the rights, dignity, diversity and worth of every young person regardless of their gender, ability, cultural background or religion.
- 12 Be prepared to attend/support events organised by the Branch for your child.
- 13 It is the Parents/Guardians responsibility to inform the Tutors/Volunteers of any conditions, Medical or otherwise regarding their child.
- 14 It is the responsibility of Parents/Guardians to ensure their child's understanding and cooperation of the Child/Young Persons Code of Conduct.

Confidentiality Policy

Comhaltas will never promise to keep secrets. However, information of a confidential nature will only be communicated on a "need to know" basis, with the welfare of its participants, members, workers and volunteers paramount. Considerations of confidentiality will not be allowed to override the rights of children or young members to be protected from harm.

1. The purpose of this Policy is to ensure that everyone participating with and working/volunteering for, Comhaltas Ceoltóirí Éireann is aware of his or her responsibilities when using confidential information.

1.1. The principle underpinning this Policy statement is that no one shall misuse any information or allow others to do so.

All branches of Comhaltas need to establish working practices that effectively deliver the level of confidentiality that is required by law, ethics and Policy statement. The objective must be continuous improvement.

2. This Policy statement is designed to:
 - a) Introduce the concept of confidentiality and the duty of confidence;
 - b) Demonstrate the practical safeguards that should be put into place;
 - c) Provide a description of the main legal requirements.

This Policy on confidentiality and security should be provided to all members, workers and volunteers.

3. The Policy statement

3.1. This Policy statement applies to all personal information held by Comhaltas on its participants, members, workers and volunteers, whether written, computerised, visual or on audio record, or simply held in the memory of a member of staff. It applies equally to all members, workers and volunteers.

3.2. All members, workers and volunteers hold information about people that may be private and sensitive. This information is collected to provide the highest standard of care and professionalism to individuals and generally must not be used for other purposes without the individual's knowledge and permission. In the same way information about staff and volunteers, which is processed for the purpose of their role within Comhaltas, should be treated as confidential. Confidentiality should only be breached in

exceptional circumstances and with appropriate justification. All members, staff and volunteers should ensure that the following principles are practiced:

- When you are responsible for confidential information you must make sure that the information is effectively protected against improper disclosure when it is received, stored, transmitted or disposed of;
- Confidential information must be stored in a secure location by the Branch Secretary and/or the Designated Child Protection / Safeguarding Officer and those involved in a particular activity and only be accessed by these people if it is appropriate to the role that they are engaged to undertake;
- Every effort should be made to ensure that everyone understands how information about them will be used before they actually supply any confidential information;
- Disclosing information outside of Comhaltas that could have personal consequences for participants, members, workers and volunteers, should only be considered where:
 - i. There is a safeguarding issue (usually where disclosure is essential to protect the person involved or someone else from the risk of significant harm)
 - ii. You are required by law or by order of a court
- If you are required to disclose confidential information you should release only as much information as is necessary for the purpose;

APPENDIX XI

Grievance Policy and Procedure

Policy

Comhaltas Ceoltóirí Éireann ('here on referred to as Comhaltas') recognise that volunteers have the right to raise grievances about any matter related to their volunteering (this could be in relation to another volunteer, a member of the paid staff, or the manner in which they are being treated by Comhaltas).

The welfare of its volunteers is of paramount importance to Comhaltas. The grievance procedure is in place to ensure that all volunteers are dealt with in a fair manner.

Procedure

1. If a volunteer has a complaint against a member of staff, another volunteer or the organisation in general they should first discuss this with their Branch, County or Regional standing Committee. The volunteer may be accompanied by a third party at this meeting.
2. If the person whom the complaint is against sits on the appropriate standing committee then the matter should be referred to the next superseding Committee.
3. If the matter is not resolved at this initial meeting the complaint should be made in writing to the Ardchomhairle. This may require a special meeting with relevant staff and volunteers. It will be dealt with as speedily as possible and treated in a confidential manner.

TO BE DISPLAYED AT ALL BRANCH LOCATIONS**APPENDIX XII (i)****CHILD PROTECTION POLICY**

Comhaltas is committed to taking every appropriate step to ensure the safety and well being of the people with whom it works, regardless of class, gender, race or creed. Comhaltas has a 'zero tolerance' policy with regard to abuse, intimidation, bullying (physical or emotional), racism and sexist behaviour directed towards children. All Comhaltas volunteers must be aware of this policy and it is their duty to guarantee its implementation.

The policy states:

“All children, young people and vulnerable adults should enjoy Comhaltas facilities and activities without fear of physical, sexual, emotional abuse or neglect.”
